Kundli Prakar

1. Andha Kundli

Andha Kundli forms when **2 or more mutually enemy planets sit together in H10** (karma/action house). This blinds the career and public life energy of the chart.

✓ No Andha Kundli. H10 is free of enemy conflict

H10 does not have 2+ mutually enemy planets. The karma/career house is clear of the Andha blindness condition.

2. Rathandh

Rathandh is a partial blindness formed when **Sun is in H4 AND Saturn is in H7**. Saturn's aspect from H7 creates an adversarial energy affecting the Sun's house.

✓ No Rathandh. Sun and Saturn not in H4/H7 opposition

Sun in H4 + Saturn in H7 combination is absent. The chart is free of Rathandh (half-blind) condition.

3. Dharmi Kundli

Dharmi Kundli: **Saturn and Jupiter sit together in any house**. Saturn's harsh nature softens in Jupiter's company, the chart gains dharmic protection.

✗ Not a Dharmi Kundli. Saturn and Jupiter are in different houses

Dharmi Kundali forms only when Saturn and Jupiter are placed in the same house (conjunction). Currently they are in different houses, the specific Dharmi Yoga is not active.

1. Janam Vivaran - Birth Details

In Lal Kitab, the horoscope is drawn from the Sun sign as the first house, unlike Vedic astrology which uses the Ascendant (Lagna). Your Lal Kitab Lagna is Virgo (कन्या), which forms the foundation of your entire Lal Kitab chart. The Vedic Ascendant is Gemini at 89.59°. Your birth Nakshatra is Pushya (पुष्य), ruled by the deity Brihaspati. Janam Samay Ka Grah (birth time planet): Saturn - the planetary hora active at your birth time (19:00-04:00). Janam Din Ka Grah (birth day planet): Mercury - the planet ruling your birth weekday (Wednesday).

Takkar ke Graha

■ Lal Kitab Principle - Takkar Planets (Jad Katna Rule)

जब दो ग्रह एक-दूसरे से षष्ठ-अष्टम (6-8) स्थिति में होते हैं, तो उनकी प्राकृतिक मित्रता-शत्रुता का महत्व नहीं रहता वे शत्रु बन जाते हैं। जो ग्रह पहले भाव में बैठा है, वह आठवें भाव में बैठे ग्रह की **जड़ को काट देता है** उस पर पूर्णतः अशुभ प्रभाव डालता है। किन्तु आठवें भाव का ग्रह पहले भाव के ग्रह को प्रभावित नहीं कर सकता। यह प्रभाव *एकतरफा* है।

English: When two planets are in the 6th-8th (Shadashtak) position from each other, their natural friendship is overridden and they become enemies. The planet whose 8th house holds the other **cuts its root (Jad Katna)** entirely. The planet in the 8th position *cannot harm back*. The effect is strictly one-directional.

Cutter (काटने वाला)		Victim (प्रभावित ग्रह)	Jad Katna Effect / प्रभाव	Victim Remedy / उपाय
Jupiter H9 · Cutter	→ Jad Katna	Sun H4 · Victim	Sun (H4) sits in the 8th house of Jupiter (H9), so Jupiter cuts its root entirely. Natural friendship is overridden, Sun's significations are harmed. The harm is <i>one-directional</i> : Sun cannot retaliate against Jupiter.	◆ Offer water mixed with jaggery to the Sun at sunrise daily. Keep a solid square piece of copper in your pocket.
Sun H4 · Cutter	→ Jad Katna	Saturn H11 · Victim	Saturn (H11) sits in the 8th house of Sun (H4), so Sun cuts its root entirely. Natural friendship is overridden, Saturn's significations are harmed. The harm is <i>one-directional</i> : Saturn cannot retaliate against Sun.	◆ Donate black sesame seeds (til), iron items, and mustard oil on Saturdays. Feed crows and black dogs regularly.
Ketu H9 · Cutter	→ Jad Katna	Sun H4 · Victim	Sun (H4) sits in the 8th house of Ketu (H9), so Ketu cuts its root entirely. Natural friendship is overridden, Sun's significations are harmed. The harm is <i>one-directional</i> : Sun cannot retaliate against Ketu.	◆ Offer water mixed with jaggery to the Sun at sunrise daily. Keep a solid square piece of copper in your pocket.
Moon H2 · Cutter	→ Jad Katna	Jupiter H9 · Victim	Jupiter (H9) sits in the 8th house of Moon (H2), so Moon cuts its root entirely. Natural friendship is overridden, Jupiter's significations are harmed. The harm is <i>one-directional</i> : Jupiter cannot retaliate against Moon.	◆ Apply saffron or turmeric tilak on forehead daily. Feed yellow items (bananas, yellow sweets) to cows or poor people.

Cutter (काटने वाला)		Victim (प्रभावित ग्रह)	Jad Katna Effect / प्रभाव	Victim Remedy / उपाय
Moon H2 · Cutter	→ Jad Katna	Ketu H9 · Victim	Ketu (H9) sits in the 8th house of Moon (H2), so Moon cuts its root entirely. Natural friendship is overridden, Ketu's significations are harmed. The harm is <i>one-directional</i> : Ketu cannot retaliate against Moon.	◆ Feed stray dogs regularly with bread and milk. Donate a blanket with black and white pattern to a poor person.
Jupiter H9 · Cutter	→ Jad Katna	Venus H4 · Victim	Venus (H4) sits in the 8th house of Jupiter (H9), so Jupiter cuts its root entirely. Natural friendship is overridden, Venus's significations are harmed. The harm is <i>one-directional</i> : Venus cannot retaliate against Jupiter.	◆ Donate white rice, curd, and white clothes on Fridays. Keep a piece of silver or diamond (even small) with you.
Venus H4 · Cutter	→ Jad Katna	Saturn H11 · Victim	Saturn (H11) sits in the 8th house of Venus (H4), so Venus cuts its root entirely. Natural friendship is overridden, Saturn's significations are harmed. The harm is <i>one-directional</i> : Saturn cannot retaliate against Venus.	◆ Donate black sesame seeds (til), iron items, and mustard oil on Saturdays. Feed crows and black dogs regularly.
Ketu H9 · Cutter	→ Jad Katna	Venus H4 · Victim	Venus (H4) sits in the 8th house of Ketu (H9), so Ketu cuts its root entirely. Natural friendship is overridden, Venus's significations are harmed. The harm is <i>one-directional</i> : Venus cannot retaliate against Ketu.	◆ Donate white rice, curd, and white clothes on Fridays. Keep a piece of silver or diamond (even small) with you.

▲ **Important:** Shadashtak clash makes the *victim planet* weak in giving its results. Remedy should be performed for the **victim planet** to restore its strength. The cutter planet's influence is so strong that only strengthening the victim (or pacifying the cutter) can reduce the harm. Planets in Shadashtak position become enemies even if they are natural friends (e.g., Sun & Moon, Jupiter & Venus).

Kaayam Graha (कायम ग्रह) | Permanently Active Planet, 100% Results

Kaayam Graha Definition (लाल किताब): A planet is Kaayam *only if* it satisfies **all four conditions**:

1. Must be **Exalted (Uch)** or in its **Pakka Ghar** this is the base prerequisite.
2. No enemy planet in the **same house** (Yuti / Conjunction condition).
3. No enemy planet in its **Pakka Ghar** (Jad / Root condition).
4. No enemy planet casting **Drishti (aspect)** on its house.

Such a planet gives **100% unconditional results** in all life areas it governs. If none exist all planets have partial obstructions and remedies are required.

Planet / ग्रह	Hindi	H	Kaayam Status
Moon	चंद्र	H2	✓ Kaayam, 100% results. No enemy in house (Yuti), no enemy at root/Pakka Ghar (Jad), no enemy drishti. Gives unconditional results.
Mars	मंगल	H3	✓ Kaayam, 100% results. No enemy in house (Yuti), no enemy at root/Pakka Ghar (Jad), no enemy drishti. Gives unconditional results.

Kaayam Graha | Effects

These planets give maximum benefit in their domains. Maintain their strength through regular, small daily remedies.

Planet	Effect / Domain
Moon	Kaayam (fully active): gives 100% results, no enemy influence
Mars	Kaayam (fully active): gives 100% results, no enemy influence

Planet Status | Manda

How Manda/Nek is determined (3 checks):

- 1. Conjunction (युति):** Enemy planet in same house → Manda. Friend planet in same house → Nek.
- 2. Roots/Jad (जड़):** Enemy planet sitting in Jad (Malik) house → Manda. Friend in Jad house → Nek.
- 3. Drishti (दृष्टि):** Enemy planet casts aspect on this house → Manda. Friend's aspect → Nek. Vakri drishti ALWAYS = Manda.

Rule: If both Manda and Nek exist simultaneously → planet is Manda. Only minor Nek support felt. Check Manda first.

Planet / ग्रह	Status	Reasons (Conjunction / Roots / Drishti)
Sun सूर्य · H4	⚠ MANDA	• Conjunction: Venus (enemy) is in same house H4
Moon चंद्र · H2	✓ NEK	• Roots (Jad): Sun (friend) is in Jad house H4
Mars मंगल · H3	Neutral	No conjunction, roots or drishti influence detected
Mercury बुध · H5	✓ NEK	• Roots (Jad): Rahu (friend) is in Jad house H3
Jupiter बृहस्पति · H9	✓ NEK	• Drishti: Mars (friend, H3) casts 50% aspect on H9
Venus शुक्र · H4	⚠ MANDA	• Conjunction: Sun (enemy) is in same house H4 • Roots (Jad): Moon (enemy) is in Jad house H2
Saturn शनि · H11	✓ NEK	• Drishti: Rahu (friend, H3) casts 50% aspect on H11
Rahu राहु · H3	⚠ MANDA	• Conjunction: Mars (enemy) is in same house H3
Ketu केतु · H9	⚠ MANDA	• Drishti: Mars (enemy, H3) casts 50% aspect on H9 • Drishti: Rahu (friend, H3) casts 50% aspect on H9

Masnui Graha

Every planet in Lal Kitab has two other planets whose essence is mixed into it these are called **Masnui (Artificial/Mixed) Grahas**. When a planet fails to give good results despite good placement, check its Masnui planets.

If both Masnui planets are in bad houses → main planet cannot give good results even if well-placed.

If Masnui planets are in good houses → main planet will give auspicious results. This table is the same for all charts.

Main Planet (Pakka Graha)	Masnui Planets	Note / What to check
Guru (Jupiter) गुरु (बृहस्पति)	Surya (सूर्य) + Shukra (शुक्र)	Guru ka asar dekhne ke liye Surya aur Shukra ki sthiti dekhein

Kurbani Ke Bakre (कुर्बानी के बकरे), Scapegoat Planets

In Lal Kitab, when a planet faces trouble it transfers misfortune to a "scapegoat" (Bali ka Bakra) friendly/dependent planet. This explains why a well-placed planet fails, its scapegoat is suffering.

Remedy: If the main planet's remedy doesn't work, remedy its Bali ka Bakra planet, that is where the actual problem originates.

Afflicted Planet	Bali Ka Bakra (Scapegoat)	Explanation
Shani (Saturn) शनि	Shukra (Venus) शुक्र	When Saturn faces difficulty (e.g., Sun-Saturn conflict), Rahu-Ketu step in and transfer the trouble onto Venus. In family terms: Sun=father, Saturn=son, in their fight, Venus (wife) becomes the scapegoat.
Budh (Mercury) बुध	Shukra (Venus) शुक्र	Mercury is called "bepende ka lota" (a vessel without bottom), very clever and slippery. Though Mercury and Venus are friends, when Mercury faces trouble, it shifts its problem onto Venus and saves itself.
Mangal (Mars) मंगल	Ketu केतु	When Mars is afflicted, its bad effect falls on Ketu. Mangal Badh (afflicted Mars) is formed by Sun+Saturn combination, its negative effect falls more on Saturn's son (Ketu).
Shukra (Venus) शुक्र	Chandra (Moon) चंद्र	Venus (female nature) transfers its trouble onto Moon (mother of the native). Chandra and Shukra are rival planets. When both are connected in a chart, the native's mother's eyesight/health is adversely affected.
Guru (Jupiter) गुरु	Ketu केतु	Ketu is called Jupiter's disciple (chela). When Jupiter faces trouble, it transfers its misfortune onto Ketu. During Jupiter's afflicted dasha, Ketu's house results turn negative, mama (maternal uncle), spine/joint diseases, and urinary problems may arise.
Surya (Sun) सूर्य	Ketu केतु	Sun also transfers its trouble onto Ketu at times of difficulty. When Sun is afflicted, Ketu-related matters (son, spiritual life, feet) face setbacks.
Chandra (Moon) चंद्र	Guru (Jupiter), Mangal (Mars), Surya (Sun) गुरु, मंगल, सूर्य	Moon's friends are Jupiter, Mars, and Sun. Moon distributes its trouble a little on each. Jupiter, Mars, and Sun all partially absorb its difficulties, allowing Moon to escape a bad situation itself.
Rahu राहु	Apni Musibat Swayam (Bears Own Trouble) अपनी मुसीबत स्वयं भोगते हैं	Rahu and Ketu bear their own troubles, they do not pass misfortune to others. When Rahu is afflicted, its own significations (trade, brother-in-law) suffer directly.
Ketu केतु	Apni Musibat Swayam (Bears Own Trouble) अपनी मुसीबत स्वयं भोगते हैं	Ketu bears its own troubles directly. When Ketu is afflicted, son, feet/legs, spiritual life are harmed directly without deflecting to another planet.

Soya Hua Graha (सोया हुआ ग्रह) | Sleeping Planets, Delayed Results

A sleeping planet is one whose **own drishti (vision) contains no planet** per Lal Kitab: *"jis grah ki drishti mein koi grah na ho."* Such a planet is **inactive from birth** until its activation age is reached and gives **no results at all** before that age. Exception: a planet sitting in any of its Pakka Ghars is always awake. **Remedy: Perform the planet's specific remedy to activate it early.**

Planet / ग्रह	Hindi	H	Activation Age / सक्रियता आयु	Remedy / उपाय
Sun	सूर्य	H4	22	Offer water mixed with jaggery to the Sun at sunrise daily.
Moon	चंद्र	H2	24	Keep a silver square piece or silver coin with you always.
Venus	शुक्र	H4	25 (after marriage)	Donate white rice, curd, and white clothes on Fridays.
Ketu	केतु	H9	48	Feed stray dogs regularly with bread and milk.

Soya Hua Ghar (सोया हुआ घर) | Sleeping Houses | Dormant Life Areas

A sleeping house has its life-area results suppressed. The specific significations of that house, wealth (H2), career (H10), relationships (H7), etc., remain inactive unless specific activating remedies are performed or planetary transits trigger it.

House / भाव	Reason Why Sleeping / कारण
H1	H1 has no planet: house sleeping
H7	H7 empty and H1 empty: partnership/marriage house sleeping
H8	H8 has no planet: longevity/inheritance house sleeping
H12	H12, H6, and H8 all empty: liberation/expenses house sleeping

Dhoke Ka Grah (धोखे का ग्रह) | Betrayal Planet, 3 Methods

Dhoke Ka Grah is the planet indicating deception, betrayal, or unexpected losses at a specific time in life. Lal Kitab identifies it through **3 separate methods** each is independent and must be read separately. Remedy is needed *only* when the Varshfal H10 planet is negative.

①. Method 1, Age-Based Sequence

The 12-planet LK sequence is laid out starting from Sun's house. Current age determines which column to read, that planet is the active Dhoke Ka Grah for this life stage.

Betrayal Planet(s)	Moon
Current Age	29 years
How calculated	12-planet sequence (Su → Mo → Ke → Ma → Bu → Sh → Ra → H8 → H9 → Gu → Shu → H12) starting from Sun's house. Column matching age 29 gives the active Dhoke Ka Grah.

②. Method 2. Teva

For every planet in the birth chart, whichever planet physically sits in the 10th house from it will give that planet betrayal/dhoka. This is a permanent birth-chart relationship.

Victim Planet · House	Betrayal By (10th from it)	Hindi	Explanation
Moon · H2	Saturn · H11	शनि	10th from H2 = H11; occupant planet will betray the victim planet.
Mercury · H5	Moon · H2	चंद्र	10th from H5 = H2; occupant planet will betray the victim planet.

③. Method 3. Varshfal H10 (Current Year)

The planet that lands in H10 of the running year's Varshfal chart is the Dhoke Ka Grah for THIS year. If it also matches Method 1, it becomes a **Double Dhoka** highest betrayal risk.

Planet	Hindi · Natal H	Note / Status
✓ No planet in H10 of Varshfal this year, no active Varshfal betrayal.		

Masnui Graha (मसनूई ग्रह), Substitute Remedy Planet

When Janam Samay Ka Grah's direct remedy is restricted (Andha/Adhiandhi), use the Masnui substitute planet's remedies instead.

Janam Samay Planet	Saturn
Masnui Substitutes	Venus, Jupiter
Note	Direct remedy not allowed for Janam Samay Ka Grah, use Masnui planet remedies

बुध का भेद

Mercury's hidden personality is revealed by summing (planet strength × house) for all planets and taking the remainder when divided by 9. The resulting number points to the planet that secretly governs how Mercury behaves in this chart.

WHEN TO CALCULATE (GURU & BUDH MANDA RULE)

Budh Ka Bhed is calculated **only when BOTH Guru and Budh are Manda** (afflicted): Neech, enemy house, affliction house (Guru 2/5/9/12, Budh 3/8/9/12), or an enemy planet sitting alongside.

Guru (H11): OK Guru is not Manda (strong/well placed)

Budh (H7): OK Budh is not Manda (strong/well placed)

✗ Budh Ka Bhed is NOT applicable (both must be Manda). Shown for reference.

Raj Yog & Dharma Sthana (राज योग एवं धर्म स्थान)

Raj Yog

3+ exalted planets = Raj Yog. 5+ = Supreme Raj Yog. 3-4 in kendras (1,4,7,10) = Kendra Raj Yog.

👑 Raja Yoga (3-4 Uch Planets)

Exalted Planets: **Moon, Rahu, Ketu**

3 planets are in exalted (Uch) positions: Moon, Rahu, Ketu. This forms a significant Raja Yoga. The native will achieve wealth, authority, and recognition significantly above their birth circumstances.

Dharma Sthana Rule (धर्म स्थान नियम)

H2+H12 occupied + H8/H11 enemy → temple auspicious. H8+H12 mutual enemy + H2 empty → inauspicious.

卐 Dharma Sthana Auspicious (शुभ)

No specific restriction found. Temple visits are generally auspicious, proceed with devotion.

Multi-Planet Yogas (बहु-ग्रह योग), 4-5 Planet Conjunctions

When 4 or more planets occupy the same house, special yogas arise that significantly amplify or disrupt that house's themes.

✓ No 4-5 planet conjunctions in this chart. Each house operates independently.

Grah Milan (Conjunction) - House-Specific Results & Upay

Conjunction	House	Nature	House-Specific Result

Keep fast on Fridays. Place a piece of silver in the home's northeast corner.
Mars + Rahu	H3	Harmful	Mars-Rahu conjunction (Angarak Yoga): one of the most dangerous combinations. Extreme aggression, violence, accidents with fire or weapons, blood diseases, criminal tendencies, explosive anger. ◆ Upay: Feed monkeys with jaggery on Tuesdays. Makan Kab Banwaye (मकान कब बनवाएं) | Home Construction Timing by Saturn

Lal Kitab teaches that the right time to build a home depends on Saturn's house. Building at the wrong time causes financial loss and domestic misery.

Saturn's House	H11 (Shani)	Conditions / शर्तें:
Construction Timing	Build only after age 55	Saturn in H11: house built before 55 brings income losses. After 55, it brings gains.

Upay Ke Niyam (उपाय के नियम) | Rules for Performing Lal Kitab Remedies

Lal Kitab remedies must follow strict rules. Violations cancel the remedy's effect. Follow each rule carefully for 40-43 consecutive days.

Following these rules is mandatory for Lal Kitab remedies to work correctly. Violating rules reduces effectiveness or may cause reverse effects. 1. Perform all remedies during daytime only (sunrise to sunset). Never do remedies at night. 2. Duration: Most Lal Kitab remedies should be performed for 40 or 43 consecutive days without a break. 3. Do NOT start a remedy on Chaturthi (4th), Chaturdashi (14th), or Navami (9th) tithi, these are inauspicious start dates. 4. Do NOT start a remedy on a cloudy (overcast) day, wait for clear sky. 5. Perform only ONE remedy per day. Do not mix multiple remedies on the same day. 6. For flowing water remedies (river, stream): circle anti-clockwise 7 times before offering/floating the item. 7. Items associated with an Uch (exalted) planet should NOT be donated as remedy, it will harm the native. 8. Items associated with a Neech (debilitated) planet should NOT be received as gifts, accepting them harms the native. 9. If a remedy involves feeding, do it with your own hands, do not delegate to others. 10. Do not take credit or tell others about the remedy, it reduces the effect. 11. If the remedy is for a planet in Pakka Ghar, the remedy activates immediately. For sleeping planets, continue until the activation age. 12. Remedies for Janam Samay Ka Grah (birth hora planet) are NEVER direct, always perform for the Masnui (substitute) planet. 13. Remedies for Janam Din Ka Grah (birth weekday planet) can be done directly with full benefit.

Khazana Potli (खज़ाना पोटली), 25. Khazana Potli - Gemstone & Object Remedies

Khazana Potli is a special Lal Kitab remedy where specific objects or gemstones are placed or buried according to house-specific rules. Budget remedies are affordable and simple, Premium remedies are more powerful. **House 4, Moon:** Budget Remedy: Moonstone beads in a white cloth, placed near the main door or center of home. Or flow in a river for negative Moon. Premium Remedy: Natural Pearl (Moti) in silver ring, worn on Monday, OR buried at center of home. Timing: Place on Monday during Moon hora (10-11am). Renew every full moon. **House 2, Jupiter/Moon:** Budget Remedy: Keep a yellow cloth

- Keep a copper coin wrapped in red thread/cloth in a corner of the first house room.

Grah Drishti (ग्रह दृष्टि) · Lal Kitab Aspects

In Lal Kitab, aspects (Drishti) work differently from Vedic astrology. Houses 1-6 cast aspects forward onto specific houses. Three strengths: **100% (full)**, **50% (half)**, **25% (quarter)**. A friendly planet's aspect = beneficial. Enemy planet's aspect = harmful. Vakri (backward) aspects are *always harmful regardless of friendship*.

Master Remedy Plan - Which Upaya, In Which Order, And Why

Many upaya appear through this report, each beside its own affliction. This page gathers them into ONE ordered prescription, ranked by the classical Lal Kitab sequence - first free the chart of rin (debt), then pacify the manda grahas, then wake the soya grahas, then settle the quarrelling conjunctions. Follow the order; do not attempt everything at once.

Priority	Category & Target	The Remedy (Upaya)	Why This Is Prescribed
1	Rin Mukti (Ancestral Debt) Pitru Rin (Forefather's Debt) - debt of Venus/Mercury/Rahu	Collect a rupee coin from all blood relatives and donate the collected amount to a temple in a single day.	This karmic debt is ACTIVE in the chart (indication: Destruction of a neighboring temple or a peepal tree.). Lal Kitab holds that no planetary remedy bears full fruit while an ancestral rin remains unpaid - hence it stands first.
2	Rin Mukti (Ancestral Debt) Sthree Rin (Woman's Debt) - debt of Sun/Moon/Rahu	Take equal money from all blood relatives and feed 100 cows with tasty food using that money in a single day.	This karmic debt is ACTIVE in the chart (indication: Household will have animals with teeth especially cow, or believing in clan-hatred.). Lal Kitab holds that no planetary remedy bears full fruit while an ancestral rin remains unpaid - hence it stands first.
3	Manda Graha Shanti (Afflicted Planets) Sun (house 4) - Manda	Offer water mixed with jaggery to the Sun at sunrise daily.	Sun is judged MANDA in this chart because: Conjunction: Venus (enemy) is in same house H4. A manda graha spoils the fruits of its house and of every house it watches - its shanti is the core of the treatment.
4	Manda Graha Shanti (Afflicted Planets) Venus (house 4) - Manda	Donate white rice, curd, and white clothes on Fridays.	Venus is judged MANDA in this chart because: Conjunction: Sun (enemy) is in same house H4; Roots (Jad): Moon (enemy) is in Jad house H2. A manda graha spoils the fruits of its house and of every house it watches - its shanti is the core of the treatment.
5	Manda Graha Shanti (Afflicted Planets) Rahu (house 3) - Manda	Keep a piece of silver or coal wrapped in a dark cloth under your pillow.	Rahu is judged MANDA in this chart because: Conjunction: Mars (enemy) is in same house H3. A manda graha spoils the fruits of its house and of every house it watches - its shanti is the core of the treatment.

6	Manda Graha Shanti (Afflicted Planets) Ketu (house 9) - Manda	Feed stray dogs regularly with bread and milk.	Ketu is judged MANDA in this chart because: Drishti: Mars (enemy, H3) casts 50% aspect on H9. A manda graha spoils the fruits of its house and of every house it watches - its shanti is the core of the treatment.
7	Soya Graha Jagran (Sleeping Planets) Moon sleeping in house 2	Keep a silver square piece or silver coin with you always.	A soya (sleeping) graha gives no result - good or bad - until awakened; it naturally stirs around 24. This jagran remedy invites its blessings earlier instead of waiting for fate's own schedule.
8	Grah Milan Shanti (Harmful Conjunctions) Sun + Venus in house 4	Never accept dowry. Donate white items, curd, white cloth, rice, on Fridays. Feed cows with green fodder on Fridays. Keep fast on Fridays. Place a piece of silver in the home's northeast corner.	These two grahas sit together in an inimical milan - Sun-Venus conjunction: Venus is combusted by Sun, harms marital life and pleasures. Wife's health and fortune . The remedy separates their quarrel without weakening either planet.
9	Grah Milan Shanti (Harmful Conjunctions) Mars + Rahu in house 3	Feed monkeys with jaggery on Tuesdays. Keep a piece of silver under the bed pillow. Donate mustard and black sesame on Saturdays. Feed 8 coconuts into flowing water. Install Kaal Bhairav idol and worship regularly. Avoid non-vegetarian food on Tuesdays.	These two grahas sit together in an inimical milan - Mars-Rahu conjunction (Angarak Yoga): one of the most dangerous combinations. Extreme aggression, violence, ac. The remedy separates their quarrel without weakening either planet.

Master Remedy Plan (Continued)

Krama - The Discipline of Sequence

1. Begin with Priority 1 alone. One remedy, one 40-43 day cycle - Lal Kitab forbids mixing several planet-remedies in the same cycle, for the grahas then dispute whose fruit it is.
2. When a cycle completes, rest three days, then take up the next priority. The daily universal remedies (feeding animals, respecting elders) run continuously alongside and never conflict.
3. If time or means permit only ONE campaign this season, choose the first row of this table - the debts and the weakest graha (Saturn) are where the chart bleeds most, and where one sincere cycle repays the most.
4. A remedy abandoned midway must restart from day one. Better one vrat kept whole than five begun and broken.

Lal Kitab Remedy Guidelines

Muhurta (Timing)	Commence each upaya on the graha's own vara (weekday), in the bright half if possible, and carry it unbroken through 40-43 sunrises - the span the Lal Kitab prescribes for a vibration to take root.
Akhand Niyam (Consistency)	The vrat must not break. A single missed day returns the sadhana to day one - the grahas count devotion, not intention.
Jal Pravah (Water Remedies)	Whatever is to be offered to water must go into FLOWING water - river, canal or sea. Still water holds the dosha in place instead of carrying it away.
Daan Vidhi (Donations)	Give with folded respect and a lowered eye; the moment daan seeks gratitude or display, its planetary credit is cancelled.
Jeev Seva (Animals)	Feed the prescribed creature at the same hour and place daily - regularity, not quantity, is what the grahas read.
Shuddh Samagri (Materials)	Metals pure, grains fresh, cloth unused. The Lal Kitab admits no artificial substitute - an impure samagri is an unposted letter.
Krama (Priority)	One graha per 40-day cycle, following the Master Remedy Plan on the previous page. Grahas served together quarrel over the fruit.
Phala (Results)	The first easing is felt within the 40-43 day cycle itself; the deeper turning of circumstance matures over three to six months of continued discipline.

Universal Daily Remedies

- ◆ Never cross the threshold empty-handed - a coin, a fruit or a grain in the pocket keeps Lakshmi walking beside you.
- ◆ Feed dogs, cows or birds each morning before your own first meal; jeev seva is the one remedy that pacifies all nine grahas at once.
- ◆ Keep the South-West corner of the home clean and uncluttered - it is the seat of the ancestors, and their unrest becomes the family's unrest.
- ◆ Remove broken mirrors, stopped clocks and dead electronics - each is a stalled graha kept indoors.
- ◆ Touch the feet of mother and father daily - the shastra counts it as simultaneous arghya to Moon, Jupiter and the Sun.
- ◆ Plant and water a Tulsi or banana tree; Brihaspati dwells where it is tended, and with him dwell sons, wealth and honour.
