Shadbala measures each graha's real capacity to deliver its promises through six classical balas Sthana (position), Dig (direction), Kala (time), Cheshta (motion), Naisargika (nature) and Drik (aspects) expressed in Virupas (60 Virupas = 1 Rupa) and judged against each planet's scriptural minimum. Planets at 100%+ of requirement act decisively in their dashas; those below need remedial support and conservative timing.

Avasthas Age & Wakefulness of Planets / ग्रह अवस्था

Planet	Baladi Avastha	Jagradadi	Effect	Reading
Sun	Bala (Infant) बाल	Swapna (dreaming)	25%	Sun at 26.4° Virgo is in Bala (Infant) avastha and Swapna (dreaming) - it gives only a quarter of its results - its promises ripen late, often after repeated attempts.
Moon	Yuva (Adult) युवा	Jagrat (fully awake)	100%	Moon at 12.3° Cancer is in Yuva (Adult) avastha and Jagrat (fully awake) - it is in full vigour - it delivers its significations completely and visibly.
Mars	Kumara (Youth) कुमार	Swapna (dreaming)	50%	Mars at 10.0° Leo is in Kumara (Youth) avastha and Swapna (dreaming) - it gives half results with youthful enthusiasm - gains grow steadily once momentum begins.

11	Aries मेष	27	Average	gains, income streams and fulfilment of desires
12	Taurus वृषभ	28	Strong	expenses, foreign matters and liberation

The Sarvashtakavarga of this chart totals 338 bindus (the zodiacal norm is 337). House 2 (Cancer) is the richest with 34 bindus - accumulated wealth, family harmony and speech form a natural reservoir of good fortune; ventures anchored in this house prosper with less resistance. House 5 (Libra) is the leanest at 21 bindus - children, intellect, education and purva-punya demand deliberate planning, patience and remedial support. The four kendras together carry 119 bindus, an above-average pillar strength that grants stability through life's turning points. In transit (Gochar-Ashtakavarga), any planet crossing a sign where its own Bhinnashtakavarga holds 5 or more bindus yields protection and progress, while 0-2 bindus mark passages needing care - the per-planet guidance below applies this rule to your chart.

Bhinnashtakavarga (BAV) | Transit Guidance / भिन्नाष्टकवर्ग

Planet	Own Sign	Best transit signs (5+ bindus)	Careful transit signs (0-2)
Sun	5/8		Capricorn
Moon	4/8		Libra
Mars	4/8		Taurus, Virgo, Libra
Mercury	4/8	Cancer	
Jupiter	5/8	Gemini, Scorpio, Pisces	
Venus	4/8	Gemini, Cancer	Pisces
Saturn	2/8	Gemini	Aries, Libra, Scorpio, Capricorn, Aquarius

Rule: a planet transiting a sign where its own BAV holds 5+ bindus protects and promotes; through 0-2 bindus it tests. Combine with the Gochar section for timing decisions.

Sade Sati is Saturn's seven-and-a-half-year passage over the 12th, 1st and 2nd signs from your natal Moon (Cancer). You are presently free of Sade Sati. Your next cycle runs 01-06-2032 to 10-07-2039 (age 33.6-40.7); note it in advance and enter it with finances consolidated and health routines steady. Across a full life Saturn grants this schooling roughly every 30 years; natives who cooperate with it - through routine, service and restraint - consistently emerge stronger in status and wisdom than before.

Recite Hanuman Chalisa on Tuesdays and Saturdays - the classical shield during Sade Sati.

Light a mustard-oil lamp before Shani Dev or a Peepal tree on Saturday evenings.

Donate black til (sesame), iron, black cloth or footwear to the needy on Saturdays.

Chant "Om Praam Preem Proum Sah Shanaishcharaya Namah" 108 times daily during the Peak phase.

Serve elders, labourers and the disabled - Saturn is pacified by seva more than by any ritual.

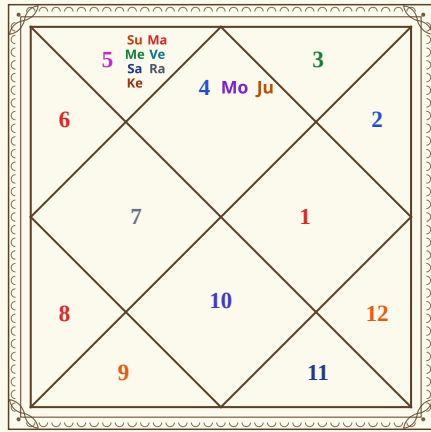

Avoid new heavy debt, speculation and shortcuts during the Rising and Peak phases.

Tara Bala Your Personal Star Compass from Pushya / तारा बल

#	Tara	Verdict	Nakshatras in this Tara	Guidance
1	Janma जन्म तारा	Avoid	Pushya, Anuradha, Uttara Bhadrapada	the birth star itself - sensitive; avoid launching ventures, favour rest, reflection and self-care on these days
2	Sampat सम्पत् तारा	Favourable	Ashlesha, Jyeshtha, Revati	wealth-giving - ideal for financial decisions, purchases, investments and beginnings meant to grow
3	Vipat विपत् तारा	Avoid	Ashwini, Magha, Moola	danger-giving - postpone travel, signing and confrontation; observe extra care in health and machines
4	Kshema क्षेम तारा	Favourable	Bharani, Purva Phalguni, Purva Ashadha	well-being - favourable for healing, family matters, housewarming and consolidation
5	Pratyari प्रत्यरि तारा	Avoid	Krittika, Uttara Phalguni, Uttara Ashadha	obstructing - rivals gain ground; avoid disputes, litigation and competitive launches
6	Sadhaka साधक तारा	Favourable	Rohini, Hasta, Shrivana	accomplishing - the best days for effort-driven goals, interviews, exams and sadhana
7	Vadha वध तारा	Avoid	Mrigashira, Chitra, Dhanishtha	destructive - the most sensitive tara; keep the day light, avoid risk, surgery (if electable) and long journeys
8	Mitra मित्र तारा	Favourable	Ardra, Swati, Shatabhisha	friendly - excellent for meetings, alliances, agreements and social functions
9	Param Mitra परम मित्र तारा	Favourable	Punarvasu, Vishakha, Purva Bhadrapada	supreme friend - auspicious for everything, especially matters of the heart and long-term bonds

Tara Bala is the daily compass of Vedic timing: count the Moon's current nakshatra from your janma nakshatra (Pushya) and reduce to the nine taras. Act on Sampat, Kshema, Sadhaka, Mitra and Param Mitra days; keep Janma days gentle; and route important work away from Vipat, Pratyari and Vadha days. When an unavoidable duty falls on an unfavourable tara, the classical protection is japa of the star-lord's mantra and a small charity before noon.

Ashtakoota Milan Profile Your Eight Matching Attributes / अष्टकूट गुण मिलान

Koota	Points	Your Attribute	Partner Guidance
वर्ण Varna	1	Vipra (Brahmin)	Spiritual temperament class. Full point when the groom's varna is the same or higher than the bride's - a marker of compatible life-attitudes, not social caste.
वश्य Vashya	2	Jalachara (aquatic)	Mutual magnetism and influence. Same-group partners hold each other's attention naturally; predator-prey groups (e.g., Vanachara with Chatushpada) need conscious respect.
तारा Tara	3	Janma tara from Pushya	Count each partner's star from the other's: remainders 3, 5, 7 (Vipat, Pratyari, Vadha) reduce points - prefer partners whose stars fall on your Sampat/Kshema/Sadhaka/Mitra taras.
योनि Yoni	4	Goat yoni	Instinctive/physical harmony. Same yoni is ideal, friendly yonis prosper; the declared enemy of your yoni should be examined carefully before matching.
ग्रह मैत्री Graha Maitri	5	Moon-lord Moon	Psychological friendship of the two Moon-lords. Naturally friendly rashis for you: Gemini, Leo, Virgo.
गण Gana	6	Deva gana	Deva pairs best with Deva, well with Manushya; Deva-Rakshasa needs strong other kootas.
भकूट Bhakoot	7	Moon rashi Cancer	Prosperity and family growth. The 2/12 (dhan-vyaya), 5/9 (santan) and 6/8 (mrityu) rashi pairs score zero and need cancellation checks.
नाड़ी Nadi	8	Madhya nadi	Health and progeny stream - the heaviest koota. Avoid a partner of the same Madhya nadi unless a classical Nadi-dosha cancellation applies (same rashi different nakshatra, etc.).

In Ashtakoota Milan your profile contributes: Vipra (Brahmin) varna, Jalachara (aquatic) vashya, Goat yoni, Deva gana, Cancer bhakoot and Madhya nadi (36 points maximum across both charts; 18+ is the classical pass-mark, 24+ is a strong match). Moon rashis forming 2/12, 5/9 or 6/8 with your Cancer (Leo, Scorpio, Sagittarius, Aquarius, Pisces, Gemini) call for careful Bhakoot analysis. Remember the sages' rule: Guna-milan screens the match, but the strength of the two 7th houses, Navamsa and the dashas decides the marriage.

The nine Mahadashas are the chapters of your biography each planet hands the pen to the next in the fixed Vimshottari order. A chapter's tone is set by its lord's house, dignity and strength in YOUR chart (not by the planet's general nature): a strong Saturn writes a better chapter than a weak Jupiter. Read this map with the Antardasha almanac to see the paragraphs within each chapter.

Ratna Vidhana Complete Gemstone Prescription / रत्न विधान

Role	Gem / Ratna	Substitute	Finger	Metal	When to Wear	Weight
Life Stone (Jeevan Ratna) जीवन रत्न	Emerald (Panna) for Mercury	Peridot / Green Onyx	Little finger	Gold	Wednesday morning	3-6 ratti
Fortune Stone (Bhagya Ratna) भाग्य रत्न	Blue Sapphire (Neelam) for Saturn	Amethyst / Iolite	Middle finger	Panchdhatu / Silver	Saturday evening (Saturn hora)	3-5 ratti
Career Stone (Karma Ratna) कर्म रत्न	Yellow Sapphire (Pukhraj) for Jupiter	Yellow Topaz / Citrine	Index finger	Gold	Thursday morning	5-7 ratti

Prescription Notes / रत्न फल

Emerald (Panna)

Mercury rules your Lagna - this stone strengthens body, confidence and overall destiny, and may be worn for life. Siddhi mantra: Om Braam Breem Broum Sah Budhaya Namah (108×).

Blue Sapphire (Neelam)

Saturn rules your 9th house of bhagya - wear to amplify luck, dharma and the father's blessings, especially during its dasha. Siddhi mantra: Om Praam Preem Proum Sah Shanaishcharaya Namah (108×).

Yellow Sapphire (Pukhraj)

Jupiter rules your 10th house of karma - wear during career campaigns, promotions and public undertakings. Siddhi mantra: Om Graam Greem Groum Sah Gurave Namah (108×).

Gems to Avoid / वर्जित रत्न

Red Coral (Moonga)

Mars rules a trik (6/8/12) house for your Lagna - empowering it with its gem can amplify obstacles rather than remove them.

Vidhi: buy the stone on its planet's day, set it so it touches the skin, soak it overnight in raw milk and Ganga-jal, energise it at sunrise with 108 repetitions of the given mantra, and wear it in the prescribed finger during the planet's hora. Test Neelam (Blue Sapphire) for three days before permanent wearing - it is the one gem classical texts insist on trialling. Replace a cracked or clouded gem immediately; a damaged ratna stops transmitting.

Rudraksha, Yantra & Ishta Devata The Sadhana Prescription / साधना विधान

Rudraksha Selection / रुद्राक्ष चयन

Mukhi	For Graha	Benefit
4 Mukhi	Mercury	For your Lagna lord - speech, memory and learning; the student's and communicator's bead.
5 Mukhi	Jupiter	For your lowest-Shadbala planet - wisdom, health and mantra-siddhi; the universal daily-wear rudraksha.
5 Mukhi	Jupiter (universal)	The sarva-siddha daily bead - safe for all, purifies mind and speech for japa.

Yantra Installation / यंत्र स्थापना

Yantra	Energy	Purpose
Jupiter Yantra	Jupiter	Installed on its day and worshipped with its mantra, it steadies the weakest limb of your Shadbala (Jupiter at 66%).
Shri Yantra	Venus / Lakshmi	The king of yantras - placed in the puja-sthana it harmonises wealth, home and relationships.

Ishta Devata / इष्ट देवता

Goddess Lakshmi / Parashurama

Mula Mantra: Om Shreem Mahalakshmyai Namah

Venus occupies the 12th from your Karakamsa (Leo) in the Navamsa - the classical Jaimini indicator of the deity guiding this soul to liberation.

Daily remembrance of the Ishta Devata - even a single sincere japa-mala - aligns worldly effort with the soul's trajectory and softens every difficult dasha. Ketu, the moksha-karaka, sits in your 9th house - renunciation and insight ripen through the affairs of that house. The 9th lord Saturn shapes your dharma and the 12th lord Venus your final release; honouring both (guru-seva for the 9th, charity and retreat for the 12th) keeps the inner and outer journeys in step. Your Karakamsa in Leo recommends sadhana in the spirit of that sign - steady, embodied practice rather than borrowed methods.

* marks each planet's natal sign. Reading: a planet transiting a sign where its own row shows 5+ bindus gives protection and progress; 0-2 bindus mark careful passages. The SAV row shows the total supportive quantum of each sign for all areas of life.

The Sarvashtakavarga of this chart totals 338 bindus (the zodiacal norm is 337). House 2 (Cancer) is the richest with 34 bindus - accumulated wealth, family harmony and speech form a natural reservoir of good fortune; ventures anchored in this house prosper with less resistance. House 5 (Libra) is the leanest at 21 bindus - children, intellect, education and purva-punya demand deliberate planning, patience and remedial support. The four kendras together carry 119 bindus, an above-average pillar strength that grants stability through life's turning points. In transit (Gochar-Ashtakavarga), any planet crossing a sign where its own Bhinnashtakavarga holds 5 or more bindus yields protection and progress, while 0-2 bindus mark passages needing care - the per-planet guidance below applies this rule to your chart.

The Navamsa (D9) chart is the most sacred divisional chart, it reveals the soul's true purpose, the quality of marriage, and the strength of planets in their deepest essence. A planet may appear weak in D1 but strong in D9, such a planet gives far better results than expected. Conversely, a strong D1 planet that is weak in D9 may not fully deliver. Key yogas in D9 activate during the 2nd half of life (after age 36). The 7th house of D9 shows the true nature of your spouse, this is the most accurate indicator of marital happiness.

A strong Sun or Jupiter in D10's kendra houses (1, 4, 7, 10) indicates high professional status, authority, and public recognition. Saturn in a strong D10 position guarantees long career success through diligence. The Atmakaraka's position in D10 reveals your soul's karmic calling in professional life. For career changes, always check D10 transits, they confirm whether the time is right.

Jupiter's aspect is the most beneficial, it blesses any house it touches with wisdom and expansion. Saturn's aspect brings discipline and delay. Mars brings energy and potential conflict. Rahu and Ketu bring unconventional, karmic influences. These aspects operate continuously, they represent the background energetic tapestry of your entire life. Understanding them explains why certain life areas are easier or harder than your Lagna would suggest.

Shadbala is the classical six-fold measurement of planetary capacity - Sthana (positional), Dig (directional), Kala (temporal), Cheshta (motional), Naisargika (natural) and Drik (aspectual) bala, expressed in Rupas and judged against each planet's scriptural minimum. Mars is your chart's strongest engine at 6.59 Rupas (132% of requirement) - its houses, karakas and dasha periods carry the greatest capacity for concrete achievement. Jupiter is the least resourced at 4.3 Rupas (66%) - its significations respond best to sustained remedy and conservative timing. Mars attains 6.59 Rupas against the classical requirement of 5 (132%). It is fully capable of delivering the significations of house 3 and every house it rules or aspects; its Mahadasha and Antardasha periods will bear tangible, visible results. Jupiter attains 4.3 Rupas against the classical requirement of 6.5 (66%). It struggles to deliver the affairs of house 9 and the houses it rules - this is a primary target for remedial strengthening (mantra, charity and conduct of the planet).

Strengthen Jupiter on its weekday through its mantra, its charity and restraint in its significations.

Your next cycle runs 01-06-2032 to 10-07-2039 (age 33.6-40.7); note it in advance and enter it with finances consolidated and health routines steady. Venus occupies the 12th from your Karakamsa (Leo) in the Navamsa - the classical Jaimini indicator of the deity guiding this soul to liberation. Daily remembrance of the Ishta Devata - even a single sincere japa-mala - aligns worldly effort with the soul's trajectory and softens every difficult dasha. Ketu, the moksha-karaka, sits in your 9th house - renunciation and insight ripen through the affairs of that house. The 9th lord Saturn shapes your dharma and the 12th lord Venus your final release; honouring both (guru-seva for the 9th, charity and retreat for the 12th) keeps the inner and outer journeys in step. Your Karakamsa in Leo recommends sadhana in the spirit of that sign - steady, embodied practice rather than borrowed methods.

Japa of Om Shreem Mahalakshmyai Namah - one mala (108) daily at a fixed hour.
